Dear Sirs:

Will you kindly send us a price list of shrubs, lining out stock, for Fall planting. Our stock we received last April arrived in first class condition. We would like to reorder, either this Fall or next Spring.

Yours truly,
(Name on request)

McMINNVILLE, TENN.

VINES AND CREEPERS

Block of our Hall's Honeysuckle.

LONICERA JAPONICA HALLIANA,

Hall's Japanese Honeysuckle

Used widely as a ground cover for holding embankments and in conservation plantings to prevent erosion. Very hardy with glossy green foliage and flowers that vary from white to bright red. Quantity orders should be placed well ahead of shipping time, allowing us adequate time for grading and processing for shipment.

A MATTER OF POLICY

In late years, more and more concerns have been laying down policies governing treatment of customers. We have such a policy. It calls for building confidence, customer-confidence in our stocks, our service, our business attitude, in us.

The only way we've found of achieving this is by having the stocks, giving the service, demonstrating the attitude, and being the kind of people deserving of that confidence.

If you should observe that in any instance we have failed to fully live up to such a policy, you will do us a great favor to call it to our attention. You'll be in business a long time. The squarer we shoot the better you'll like to do business with us. And we like that.

NATIVE EVERGREENS (Collected)

Due to the fact that we have several inquiries each season for Collected Native Evergreens, we are listing below such items as we are able to furnish. All plants will be collected on damp days and well packed to reach you in good condition. We make no insurance that the stock will survive, this will depend on how it is handled by you. Due to the added expense of collecting small orders, we will not accept orders for less than 500 plants of any given variety, 500 plants will be sold at the 1000 rate.
